

2023 Membership Campaign! Your Membership Makes a Difference!

As a member, you are making a significant contribution to support the preservation and education mission of the Lakeside Heritage Society. There has been a significant increase in interest and engagement with the Heritage Archives, with its historic records and photo collections, in addition to the always popular Heritage Hall Museum. We now have a full-time Archivist as our Manager of Operations, are working to increase the accessibility of the collections through digitization, creation of finding aids and online access, and continue to increase our educational program offerings. Membership subscriptions generate nearly half of the funding for LHS, complemented by grants and fund-raising events. Please take time to renew your membership for 2023 by completing and returning the membership form with your check or renew online at <https://www.lakesideheritagesociety.org/membership.htm>.
